URETHANE

ORIGINAL LINE 98a

Functional weight reducing shape with an ultra thin riding surface and width. Designed for phenomenal rebound and maximum speed.

sizes 50, 52, 54, 56, 58, 60mm

ODD LINE 98a

A wider basic shaped wheel, bigger riding surface for more grip. Designed with symmetrical dimensions. Same phenomenal 98a formula.

sizes 51, 53, 55, 57mm

SOFT BLEND 96a

A wider basic shaped wheel made with a softer version of our 98a formula. Designed with symmetric dimensions and bigger riding surface for more grip.
sizes 54, 56, 58, 60mm

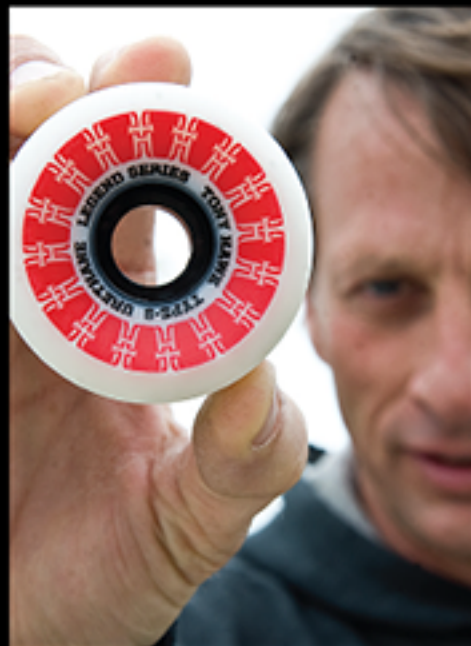

SIGNATURE PRO WHEEL BUCKY LASEK

A symmetric wheel with a new "V" shape, hidden DCR core, wider grooveless riding surface poured with our 96a soft blend formula. Bucky's wheel is a perfect combination of grip and speed.

58mm / 96a

LEGEND SERIES TONY HAWK

Poured to Tony's specs with our new 151 formula. A non exposed DCR core, new "V" shape, wide grooveless riding surface and symmetric dimensions provide a perfect balance of grip and rebound.

56mm / 98a & 60mm / 98a

LEGEND SERIES CHRISTIAN HOSOI

Specifically designed for Christian. Made with our original 98a formula has a non exposed DCR core. The new "V" shape, symmetric dimensions and grooveless riding surface makes for a smooth and fast ride.

60mm / 98a
